To make the game you will need -

some card (the back of a cornflakes box will do fine)

some glue or a paste stick

a pair of scissors

a cocktail stick or a used match stick

SNAKES & LADDERS

Cut out the game board and paste it on to a piece of card

Cut out the hexagon with the numbers on it at paste it to some card

Stick a cocktail stick or a used match stick through the middle of it. You can then spin the hexagon to find out how many spaces you should move when it is your turn.

Cut out the circles and paste them on to some card and use them as counters.
